

MEDIA RELEASE

The Board of Mintrex, the Perth based international engineering consultancy, specialising in the resources sector, is pleased to announce Fiona Morgan as the new Chief Executive Officer with effect May 1st 2015.

Founder, Tom Kendall said “he was delighted that promotion came from within the company and that Fiona has been ready to step into his former role for some time”. Tom will continue on the Board of Mintrex and as an Executive Engineer.

Fiona is an engineering honours graduate of UWA and graduate of the AICD company directors program. Chairman, Tony Adcock, “welcomed Fiona to the role and looked forward to working with her to take Mintrex forward”.
